ABOUT US

■ OUR VALUES

Commitment to excellence.

No compromise on safety.

Build **trust** and **appreciate loyalty**.

■ OUR MISSION

SGB Dabal has made a total commitment to quality and safety to ensure that customer needs and expectations are identified and exceeded.

SGB Dabal will continue to implement its commitment through cost effective use of its business quality system which is maintained by planning, audit, training, review and continual improvement, to provide the best possible customer service.

SGB Dabal Co. Ltd. is the biggest manufacturer and supplier of Scaffolding & Formwork products and Contract Scaffolding within the Kingdom of Saudi Arabia.

The company has been in existence since 1973 and has continuously provided scaffolds on time and to budget to many of the most important industrial and petrochemical plants as well as construction civil projects within the Kingdom of Saudi Arabia .

With the help and support of Al Dabal Scaffolding Factory at Dammam 2nd Industrial City through its upgraded production capacity, we are strategically placed to monitor & service the requirements of all **SGB Dabal** branches within the Kingdom of Saudi Arabia.

OUR Services

■ Hire & Sale

The success of any construction project in today's marketplace depends on being on target with time schedules and cost estimates with the highest standards & quality.

■ Contract

Petrochemical and other Term Maintenance contracts require the highest levels of quality and safety that can only be achieved through technical expertise and professionalism.

■ Manufacturing

SGB Dabal's in kingdom manufacturing facility is dedicated to the supply of our company products to our customers and all operational locations.

■ Design

All **SGB Dabal** branches can supply Computer-Aided Design schemes to the latest codes of practice and specifications to suit any project requirement within the Saudi Arabia.

■ Training

Training is seen as a fundamental requirement for the continual improvement of all **SGB Dabal** services and staff.

Hire & Sale

When you hire or buy Scaffolding or Formwork packages from **SGB Dabal** Hire & Sale division, you are able to draw on the resources and experience of a worldwide service operation.

Our extensive range of products gives us the ability to offer the best solution to suit your project with equipment that is covered by worldwide patents and certifications to ensure confidence.

Contract

SGB Dabal Contracts Division Services have a reputation for safety and quality within the Kingdom's industrial plants and refineries, which allows us to be the first choice for any contract scaffolding requirement.

All aspects of any scaffolding contract are designed & managed in a single fully integrated package that is tailored to suit the requirement of the client.

Operating from strategic locations within the Kingdom of Saudi Arabia, any requirement for labour and materials can be serviced at ease.

Over 1300 of direct highly trained employees and an additional 300 indirect group are ready to service your specific project, whether it is for emergency repairs, term maintenance, planned shutdowns or construction projects, we are ready to respond speedily and efficiently 24 hours a day.

Manufacturing

With the completion of purpose built manufacturing facility (102,000 sq.ft) strategically located in Dammam second industrial city, we are perfectly situated to fulfill the requirements of all of our company clients and our branches.

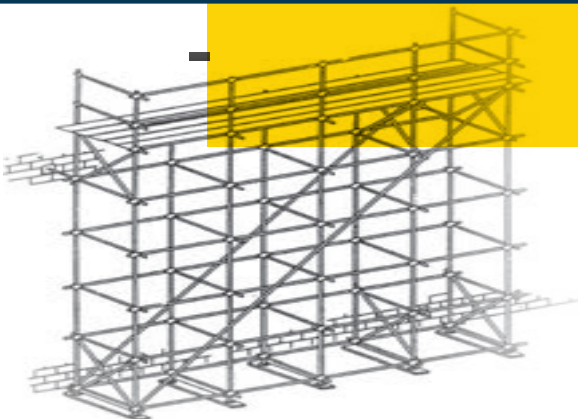

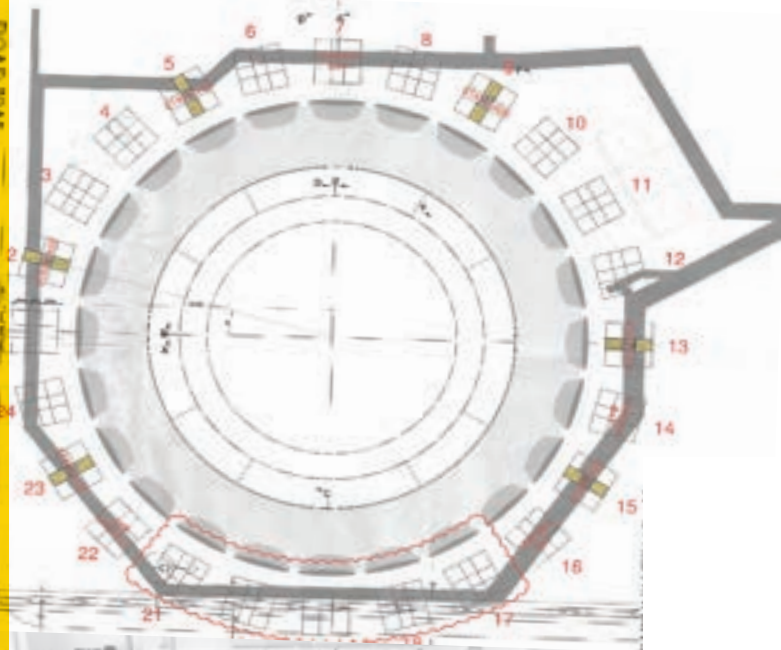

At **Al-Dabal Scaffolding Factory**, we manufacture, service and repair all kinds of scaffolding material.

Design

All **SGB Dabal** branches can supply Computer Aided Design schemes to the latest codes of practice and specifications to suit any site requirements within the Kingdom Saudi Arabia.

Through its close continual research and development, **SGB Dabal** ensures to provide you with products that are designed with the maximum efficiency to assist you with the success of your project.

Cuplok Scaffolding System

Cuplok is a registered trademark which is covered by worldwide patents. Cuplok's unique locking action makes it the world's fastest, safest and most economic scaffolding system.

Steel Boards

SGB Dabal offers a wide range of steel scaffolding planks to be used with Cuplok or Tube & Fittings scaffolding system for various projects. We still offer laminated board when required.

Product

Tubes

High quality galvanized embossed steel tube fabricated in accordance with EN-10219 ARE available at all **SGD dabal** locations in any length you require.

Strongforged Fittings

A product of fine engineering skills, they are manufactured by a modern rapid production system that ensures that they remain the most cost-effective fitting available.

DU-AL System

SGD Dabal has been at the forefront of the development of aluminium formwork systems.

The benefits of aluminium formwork products compared with their steel and timber equivalents, have had a major impact on formwork practice.
