Quality remains forever

Executive Vice Chairman Word

Happy New Year to you all and welcome to the new edition of Al-Osrah Magazine (2017).

As you are all aware, 2016 has been one of the toughest years full of extra-ordinary challenges not only for our Company but for the whole industry locally and internationally which resulted in a downturn in the business cycle.

However, once again (you) the team of SGB Al-Dabal have proven that you are experienced and skilled enough to face such circumstances.

Our total commitment of excellence and maintaining the highest level of standards of quality to be delivered to all of our clients will always remain as our first goal to be achieved.

Thank you and I wish you more success in the future.

Business Visits of the President

SGB Al-Dabal President Mr. Emad K. Al-Dabal during 2016 made several visits to the company branches for business meetings and to transfer energy to the team by motivation, ensuring support, guidance and trust which will strengthen the relations between the top management and the team of SGB Al-Dabal.

Presidents' recent visits were for many locations such as Jubail, Ras Tanura and Abqaiq offices to oversee all current running projects and to attend some of the scheduled meetings with Aramco & Sabc top Management.

The President thanks Saudi Aramco Loss Prevention Department for their excellent comments on SGB Al-Dabal performance, quality and safety during a recent meeting held at ARAMCO Dhahran.

Yousif K. Al-Dabal
Vice President

As a company policy, SGB Al-Dabal has recognized and awarded company team members who have completed 10/15/20/25/30/35 years service with the company.

During the year 2016, We have a remarkable number of those who are completing various periods of service.

35 years service	04 Members Office Staff
25 years service	03 Members Office & Senior operative
20 years service	17 Members Office & Senior operative
15 years service	08 Members Office & Senior operative
10 years service	83 Members Office & Senior operative

The management is proud to have such number of Team Members who have completed many years of long service.

We wish for those who have joined recently to exert more efforts and to participate in the development of the Company and their personal career.

SGB Al-Dabal News

Manpower Planning 2016:

Reda Farag Ali Ibrahim
SGB Al-Dabal - Head Office
Administration Manager

The manpower hire agreement with ESAD Company, one of the biggest Manpower Hire suppliers in the Kingdom which was about completion by the end of 2016, accordingly the management have planned to obtain new work visas to meet our work demands within the coming few years and to reduce the hired manpower to help the budget and cash flow, we have analysed our real needs and put a future forecast keeping in mind the Hired manpower that we started releasing plus an expectation for those who go vacations with no return or those who apply for final exit due to family reasons.

Early 2016 we have started our new recruitment from different destination for Scaffolders, Permit Receivers, Safety Officers and Heavy Duty Drivers, Al-Hamdulillah we were able to get good number of new arrivals who started joining the team, our specialists have designed and developed suitable training programs for them, they have become a part of the team and their performance is smoothly going on and improving with time.

Finance Division

Munther S. M. Salameh
SGB Al-Dabal - Head Office
Finance Manager

The Finance department have done a lot of efforts during the year 2016, by overseeing the operations expenses control to achieve the company goals and objectives. The last few months of the year a lot of work being carried out to manage the year end closing as directed by the Management.

Finance Team along with the material department have carried our physical count twice during the year 2016.

The finance department maintains a documented system of accounting policies and procedures in addition to the continuous communications with the remote finance representatives in all work locations to facilitate petty cash requirements on weekly basis. They are also forecasting cash flow positions and all other related needs.

Hire & Sale Overview

Company Hire & Sale 2016

Hire & Sale Overview

SGB Al-Dabal Co., Riyadh Sales & Design teams put efforts together and after a hard work, correspondence, meetings and tough competition, we have secured the business from M/s. Al-Latifia Trading & Contracting Co., is well established and a leading Co., in Riyadh. we have signed the agreement for hire & sale and started the business with them since september, 2008, this has been an excellent start for Riyadh team with M/s. Al Latifia Tradg. & Contracting. Co. and Al-Latifia HLG LME, Riyadh.

The first project number 140 work of GOSI situated at Exit 9, Riyadh, the project consisting of 6 towers high rise buildings consisting 22 typical floors each, low rise buildings, town house area and villas...etc. We supplied cuplok system support with aluminium decking, for the project in different location of 2 big basements, car parking in 2 ramps and the work has been completed, on 2014. We are continuously co-ordinating between consultant our client and Al Rashid Co., the precast supplier, which they mainly based on our design and calculation submittals, this was very tough at certain stages due to a very critical structural designs made in this project.

In spite of the increase in competition, our Company have been able to maintain the good relationship, by our hard work and dedication with M/s. Latifia Trading & Contracting Co. As a result, we were able to secure their project number 142 title Riyadh Hilton and Residence Hotel (HILTON HOTEL), which is situated on Exit 09, Riyadh, and the work has been completed on 2015. This project consisting of 2 big basements, car parking, 8 ramps, wedding hall (ball-room) part of RC cast-in-situ & pre-cast, skywalk, Royal Pavilion, 02 main high rise towers, which is almost 24 floors.

The Marafiq Infrastructure & villas project, Royal Commission, situated in Jubail, of M/s. Latifia Trading & Contracting Co. still going on, this project consist of 250 villas, 2 floor in each villas.

We have succeeded to secure all the major projects from M/s. Latifia Trading & Contracting Co. In future we will obtain their further business successfully. SGB Al-Dabal Co. main focus is challenging the high expectation of our valuable customers. Meeting the challenges has made SGB Al-Dabal Co. the leader of the scaffolding and form works industry.

DAMMAM HIRE AND SALES 2016

In the recent years competition has continued to increase in this field despite the worldwide economic crisis. It has affected our business a lot but because of our continued approach of providing good quality materials and back up services with trustworthy design department we have been successful in maintaining our trust on old and loyal clients.

We have also managed to induct some new names in the list of our Customers taking advantage of high level of our quality and services in the region. We are looking forward to meet the challenges in the coming year through our well trained, experienced and committed staff and also with the help of our management support which we enjoy almost in every individual project.

Recently we have been awarded major jobs for wall Formwork and Slab Support from Isam Kabani in Saudi Aramco Beri Gas Plant and Shadgum. We have also secured a job in Saudi Aramco Yanbu for materials and men for one year. Apart from other projects, below are some of the Big projects we have achieved in recent past.

1. Target Construction Company Saudi Aramco projects
2. Premium Atlas Company Sale Jobs
3. Saudi Cyprian Company Inma Bank Khobar Project
4. Shade Corporation Bridges Cuplok Support & Formwork with Wall formwork materials
5. Abdul Mohsin Al-Mousa Cuplok Access Scaffolding
6. Al-Jehaz Company Cuplok Access Scaffolding
7. Saudi Conduit Coating Company Saudi Aramco Projects

Jubail Branch

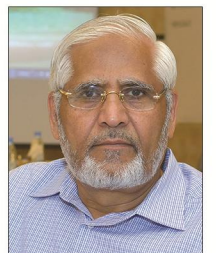

1. Petroleum, Chemicals & Mining Co. Ltd. (PCMC)
 - Massive scaffolding materials for Ma'aden P2 & P8 sites and Ibn Zina project
2. Gulf Energy Solutions Corp. (GESCORP)
 - Cuplok Scaffolding for maintenance and construction works at Kemya, SABIC
3. Abdullah H.R. Al Ghanim Est.
 - Cuplok Slab support, aluminum decking and Access scaffolding for Ibn Zina site project
4. AMAM General Contracting Co. Ltd.
 - Cuplok Slab support, aluminum decking and Access scaffolding for Permanent Contractor Shelter project at SABIC
5. Tecnicas Reunidas
 - Close-out stage for the hire transaction of the scaffolding materials supplied for their shutdown and maintenance works at ABS Petrokemya site (3-year transaction)
6. Expected Upcoming Project (under negotiations)
 - Saudi Withcon Co. Ltd. – Bo2 Bridge Project (Royal Commission)
 - Cuplok system, Aluminum Decking & Access scaffolding

Saudi Aramco - Southern Area

The Southern Area, from Abqaiq & Shedgum in the north, to Hawiyah and Harad on its southern edge, is covered by Saudi Aramco Gas Plants and GOSP (Gas Oil Separation plants).

Hawiyah Gas Plant had extensive general maintenance and T & I turn-arounds in 2016, with Gas Street and Sulphur Units going down in October, with 3 large Stabilizer columns being completed previously, after two extra Stabilizer were added during the turn-around, with extra men and materials required to ensure that the schedule was not effected. Shedgum Gas Plant also had a similar T & I and with Shedgum GOSP's all shutting down together, it was exceptionally busy.

One of Uthmaniyah GOSP had a complete shutdown, with all exchanger's vessels, columns and tanks opened and refurbished, with full internal scaffolds for radiography inspection and the follow on rectification works. Al Houta also had a completed shutdown and this causes a few logistical issues, as it is located 600km south from Abqaiq in the middle of the desert. Four large 32m high Strippers were fully scaffolded during shutdown at few GOSP's at Khurais which is 60 km south of Riyadh.

Although 2016 was extremely busy, the much anticipation, once every 3 year total Riyadh Refinery Mega turnaround, which is schedule for early March 2017 will be the main focus in the early part of the year and hopefully this will give business an encouraging start to 2017.

The executive management would like to thank all the operatives, staff and supervision for their continued commitment, hard work and endeavour, while performing their work, sometimes in very tiring conditions, in every remote area.

all to the benefit of the client and our company. We wish you and your families all the best for 2017 and we all look forward to an improved business climate in the new year.

Contracts Overview

Company Contracts 2016

New Yanbu Branch:

SGB Dabal have successfully opened their new branch in Yanbu in the North West coast of Saudi Arabia, with an office, a materials yard and accommodation for manpower now firmly established. We have been working on the Crude Oil Terminal for Saudi Aramco, primarily on the offshore loading arms for the Super Tankers and Crude Oil tanks in the onshore tank farm.

In 2017 we will look to secure additional long term maintenance contracts with the petrochems in Yanbu and also we now have the infrastructure to provide scaffolding services for major turn-arounds, either directly to the client, or through our existing major subcontractors.

A special thanks to SGB Dabal Supervisor Mr. Mohammed Ali who took on the daily running of this new venture and quickly formed a healthy working relationship with our new customers and has provided a super efficient service, which all works well for future business in the area.

Emergency Response Training

Fire fighting training and rescue of employees during an emergency in camps.

SGB Al-Dabal News

SAUDI ARAMCO

Our Company has been extremely busy in the year 2016 at the Ras-Tanura Plant and Terminal plus Juhayma off-shore platforms and tank farms with over a minimum of 100 men working 270,400+ hours, all the work has been done safely and on time with no recorded accidents, injuries, or loss time, with safety/road traffic violations at zero.

Our Safety men give weekly toolbox talks and attend all monthly Contractors meeting at the R/T Refinery, Terminal and the Community service department (who are involved with the health and safety of employees in camp). We submit monthly Health and safety reports and have **achieved best contractor and best safety officer awards from Saudi Aramco RT-CSD**

SGB Al-Dabal provide training programs in our Rahima yard for our employees to motivate and increase the competency and efficiency of our work force, all of this is carried out under the supervision of our leading Nebosh trained, head safety officer "Anishad Vavakunju."

Training from the company and Aramco includes the following:

- Scaffold construction and dismantling training for new Employees
- New revised GI-002 training for work permit receivers
- Fire warden training
- Basic fire fighting training
- BLS and CPR for first aiders
- Personnel survival technique (PST)
- Helicopter Travelling Training
- New and re-new Orientation for working at the Terminal and Main plant.

The start of the year saw the start of erecting 3km+ of scaffold for a new cable tray and cables from J24 Pipe way 12 to substation 75 and completed in October this year

In January and February we had a shutdown on Plant 493

During March, April, June and July we erected the scaffolds for the essential maintenance at Sea Island loading arms on births 15, 16, 17, 18, 19 and 20

The loading arms on North terminal 8, 9, 10 and 11 will be erected up until December of 2016.

April/May: on plant 15 C100 the erection of a 74m high scaffold was erected to survey a 30" pipe also on J88 a 27m high scaffold was erected on C304 for survey.

June: a scaffold was erected on plant 30/1 boiler 9 for the 4 stacks to fit new nozzles to each stack at a height of 23m.

August: tower scaffolds were erected and dismantled over a distance of 500m for the new Acid Gas line from 415 to Plant 53 to the flare.

September: work was started for SA Kent project with over 100 jobs erected to date.

October 18 an independent scaffold of over 600 m was erected for the inspection of the Acid gas line from flare along pipe way 8, also an independent scaffold erected October 25 for phase 2 of the acid gas line of another 600 m plus.

A new Cable tray and cable was started in the middle of October from substation 65 to J64 with another 3km of scaffold to erect.

November is the start of pre-shutdown work for Plants 25, 15, 415, 48 with approximately 2,500 jobs to erect working day and night for the shutdown starting December 1st for 3-4 weeks, then dismantle all jobs, plus regeneration work on plants 488, J88 and 493 for 10 days over this period.

SGB Al-Dabal News

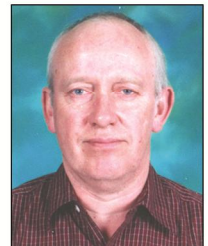

SABIC (Saudi Basic Industries)

SGB Dabal has had a steady year for turnarounds in SABIC for 2016. The major turnarounds went ahead as planned, but a few medium sized ones were delayed to nearer the end of the year or moved into 2017, which was due to budget concerns linked to the low oil price. The majority of the Petrochems in Jubail have had a difficult year, with the selling price for their products drastically reduced and the removal of the government subsidy on electricity, substantially increasing their production costs. The recent rally in the oil price to \$ 55 per barrel will bring a welcome boost to the petrochems in the early part of 2017 and many maintenance contracts that have been delayed should get approved.

The major turnaround for 2016 was Ethylene plant in SADF, which was around 2,200 scaffolds, they followed this with Styrene, although only a small unit there was a substantial remedial works taking place, with the replacement of 3 large exchangers, ranging from 10 tons, 14 tons and 40 tons. Special structures were built to allow these to be removed on a rail system onto a large platform, before the crane could lift them and then a repeat process to install the new exchangers.

Ar Razi plant went through a major rectification works with 3,000m of pipe replacement and upgrading of the flare system and new wiring installed in the cable trays to control valves and remote operate valves (ROV) all over Ar Razi III. During this time there was an emergency in Ar Razi V which SGB Dabal responded to with increased manpower and materials to cope with the sudden demand. Ar Razi have planned to close another two units in 2017.

Other turnarounds took place in Petrokemya Olefins I and in October Ibn Zahr MTBE I. There is an important turnaround schedule for 2017, with the major ones all coming in the January to April period. SADF EDC, Ibn Zahr MTBE II, Ar Razi III, Petrokemya Olefins III and also the mega Kemya full plant turnaround in March. This should give a good start to the year and hopefully this will be the first signs of recovery for the Petrochems and further increase in workloads and oil price in the second half of 2017.

Factory Update

Al-Dabal Scaffolding Factory

Nadeem Ashraf Sheikh
Factory Manager

Al-Dabal Scaffolding Factory, which will shortly turn 20 years, is capable of providing support to sale, hire and contracts departments for the supply of scaffolding from a simple access tower to a complex support system, brand new or refurbished on competitive prices to suit the requirements of each and every project be it a standard equipment or non standard, Al-Dabal Scaffolding Factory meets all the challenges. Recently, the market for scaffolding and formwork equipment has adversely been impacted by the financial crisis and construction downturn which effected the factory operation to an extent where the manufacturing of scaffolding equipment for the purpose of sale gone down to its lowest level. While the market is still tough, current forecasts anticipate some recovery in 2017 to help improve the sale and ultimately the factory activities back to normal. However, during all this low time, the refurbishment program was running in full swing to maintain the standard and the quality of our hire and contract's equipment.

SGB Al-Dabal News

SAP Project @ SGB Al-Dabal

Adnan K. Al-Dabal

The SAP System has been on SOFT GO-LIVE for final testing, The system is currently updated up to January 2016 figures and should be closing soon, further tests have taken place to include February and March of 2016.

Various training sessions has taken place for the key users on the bases of Train The Trainer (TTT) which will become reference for new comers, additional training will take place prior to the Final Go-Live and step-by-step documentation will be provided to the rest of the system users.

The Go Live includes the below Modules:

- SAP FINANCIALS (FIN)**
- SAP HUMAN RESOURCES (HR)**
- SAP MATERIALS MANAGEMENT (MM)**

Saudization

SGB Al-Dabal Company Management have signed an Employment Agreement with new 30 Saudi employees through Saudi Human Resources Development Fund in November 2016.

One of SGB Al-Dabal work principle is to maintain a high ratio of Saudization employment within the Green Level. This strategy is always implemented all the times. It is very important to keep on employing new Saudis in all company locations and under all running contracts.

Our Strategy is to spread our Saudi manpower all over our working locations for training purpose and to get them to cover all operational areas.

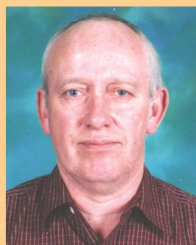

Recent employment of saudi scaffolders were assigned to rasanurah and abqaiq offices, proper training programs were designed and scheduled for all of them prior to access to job sites.

SGB Al-Dabal Saudi work force who joined during the year 2016 were around 85 members joined Office & Operation.

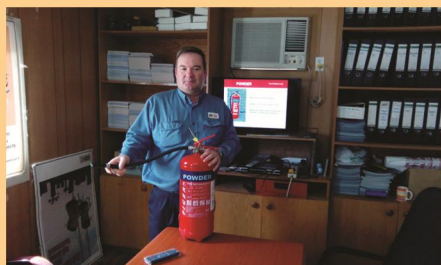

Quality, Health and Safety

Health and Safety Commitment - (Safety Refresher Training)

Wayne Johnson
SGB Al-Dabal
Jubail
Operation Manager

During this Transition Period within the Company, we have increased our workforce to a total of 1337 up to (16.10.2016) & still expecting more to arrive.

Because of the inexperience of the new arrivals they will need additional information on Health, Safety, & Quality topics which are Paramount during Scaffolding activities.

That is why the arrivals total includes an additional 15 new Safety Officers & they have been assigned to their designated Plants all areas to share the information by means of Toolbox Talks & monitor our workforce to ensure Safe work Practices are used on a daily basis.

In the attached Pictures you can see Refresher Training sessions conducted – Safety Campaigns completed – Awards distributed – Scaffolds erected by competent Personnel.

Quality ISO 9001

British Standard Institute (BSI) visited Riyadh, Dammam and Jubail branches and carried out an extensive audit, cover all aspects of the ISO standard. They paid particular attention to our Design Departments as well as our own internal auditing schedules for the year and reviewed our audit and checked that our recommendations had been carried out.

In the design department they checked clients Scheme Request Forms - what the clients specific requirements are, Quantity Form - equipment quantities require to complete the design, Design office Transmittal note - which looks at the actual design drawing, loading calculations and the technical data of all the components. They also visited site to assess an actual design, checking the structure was built as per design, also after the designer has carried out a pre-use inspection, was there any written instructions from him and if so, were they implemented before a further inspection by the design engineer too give his full approval by signing a Design Completion Certificate - which states that the scaffolding structure has been built to all the criteria of the design and certify that it is ready for the client to use.

They gave special mentioned to **Mr. Ruben Laurente, the Jubail Scaffold Design Engineer** who accompanied them during their audit to site, stating that " he has a very clear and concise appreciation of the clients requirements, with accurate and professionally prepared scaffold design and calculations, with his extensive on site experience, was fully conversant with "setting out" (showing the scaffolder where to start and what was essential to the scaffold design) and checking the built structure before issuance of the Design Completion certificate to the client."

Further audits are planned for March 2017 covering all branches and our manufacturing facility in Dammam 2nd Industrial city.

حفل التخرج السنوي لروضة الدبل 1437 / 2016

في نهاية كل عام وفي مثل هذا الوقت نستعد لضخ أمل جديد نحو الحياة ممزوج بطموحات عاليه ، أمل يحمل معه قيم ومحبه لمجتمعهم سائلين المولى عز وجل أن ينفع بهم وأن يوفقهم وأن يجعلهم لبنة صالحة لخدمة دينهم ووطنهم .

تم إقامة حفل التخرج هذا العام في 2016/05/07 ، في قاعة عادل بمجمع الدبل السكني ، كان الحفل متنوع الفقرات ابتداء من كلمة المديره والقرآن الكريم ثم فقرات الأطفال باللغتين العربية والإنجليزية واختتم البرنامج بمسيرة تخرج أبناؤنا الأعزاء وتوزيع الشهادات والهدايا.

Ettifaq Club Corner

أعادوه إلى مكانه الطبيعي بين الكبار

المهندس خالد الدبل ورفاقه يكتبون فصلاً جديداً في تاريخ فارس الدهناء

سجل يوم السبت 23 أبريل 2016 م نفسه واحداً من أهم الأيام في تاريخ نادي الاتفاق على الرغم من التاريخ المجيد لهذا النادي العريق الذي يعيش اليوم عامه الثاني والسبعين والذي طرزه بالإنجازات التي عانق بها سماء الوطن منذ وقت مبكر وحلق فيها نحو أقاصي الخليج والوطن العربي في ثمانينيات القرن الماضي كأول نادي سعودي يذيق الوطن طعم البطولات الخارجية.

في ذلك اليوم أعاد "فارس الدهناء" كتابه تاريخه من جديد بعودته لدوري "الكبار" بعدما طوى آخر صفحات حضوره الذهبي فيه بالهبوط للدرجة الأولى في السادس من أبريل 2014 وهو اليوم يعده كل الاتفاقيين يوماً أسود في تاريخ النادي إذ رأوا فارسهم الذي طالما صال وجال في ميادين البطولات وهو يسقط تلك السقطة التي لا زالت لا تفارق عيونهم حيث انحبست الأنفاس من الصدور وفرت الدموع من المآقي.

تسلم خالد الدبل ومجلس الإدارة المهمة وسط مباركة من الجميع وفي مقدمتهم أمير المنطقة الشرقية الأمير سعود بن نايف الذي استقبله وإدارته بحفاوة بالغة يومها قال له الأمير بحنكه المسؤول وخبرة الرياضي "لا أنتظر منك أن تعدني بالنتائج حسبك أن تعدني بالعمل وأنا واثق بأنكم ستنتجون" وما كاد الأمير باسم ينهي جملته حتى بادره الرئيس الذي انتخبت أوداجه بالحماس حتى لكأنه نسي التصيحة ليقول "يا سمو الأمير تثقتك ستكون خارطة طريقنا في العمل لكنني أعذك بأن تكون زيارتنا القادمة لإهدائك إنجاز الصعود". هنا نظر إليه الأمير مبتسماً وكأنه يبارك فيه هذا الحماس وتلك الثقة .

لم يكن طريق خالد الدبل ورفاقه العشرة مفروشاً بالورود وهم يتسلمون مفاتيح النادي . كما لم يكن وعده سهل التحقيق فقد بدأوا مهمتهم وقد دشّن الموسم انطلاقته بثلاث جولات وضعت الفريق في منتصف الدوري ما دفعهم لمضاعفة العمل غير أن النتائج ظلت لا تكاد تتبسم لهم في مباراة حتى تعبس لهم في مباراتين إلي أن وجدوا الفريق في منتصف الدوري حيث المركز العاشر فبدأ الأمل يتسرب من نفوس الكثيرين غير أن الدبل ورفاقه أبوا أن يرموا منديلهم الأبيض إذ أصروا على انتشال فارسهم من عثرته فكان العمل مضاعفاً والقرارات الصعبة حاضرة فراخوا يتبعون الليل بالنهار دون كلل ولا ملل والهدف واحد .. الصعود لا غيره .

وسط ذلك بدأت خيوط الحلم تزرع من جديد مباراة بعد أخرى على الرغم من العتمة التي ظلت تغطي سماء الدوري حيث زادت صعوبة المنافسة وكثرت التحديات غير أن كلمة الرجال كانت أقوى وسيف "فارس الدهناء" أشد وأمضى حتى حانت ساعة الصفر بمواجهة الطائي الأخيرة في الدمام التي انقبضت لها القلوب وانحبست معها الأنفاس وغصت يومها المدرجات غير أن الأمل أشرق من جديد بفوز أفرح الوطن بعوده فارسه واثبت أن الدبل ورفاقه في مستوى التحدي والعهد فكانت الزيارة الثانية للأمير سعود كما وعد الدبل وأعضاء مجلس الإدارة إذ قدم بطاقة العودة لدوري المحترفين هدية لسموه.

AL-DABAL TOURNAMENT

العدد العاشر
٢٠١٦ - ١٤٣٧

Abdullah Al-Dabal Tournament

إجراء قرعة الدورة العاشرة

أقيمت مساء يوم السبت ٢١ / ٨ / ١٤٣٧ هـ ، قرعة دورة الفقيه عبدالله الدبل الرمضانية العاشرة، وذلك في نادي الاتفاق، بحضور مدير عام الدورة خالد بن عبدالله الدبل، الذي أكد في كلمته خلال حفل القرعة بأنه نيابة عن أسرة الدبل واللجنة المنظمة، يرحب بالجميع في أروقة الدورة التي تقام للعام العاشر على التوالي برعاية كريمة من الأمير تركي بن محمد بن فهد، والتي حرص على تألقها وتميزها من خلال الفعاليات المصاحبة من برنامج إفطار صائم ومسابقة القرآن الكريم والزيارات الاجتماعية، مقدما الشكر للشركات الداعمة والراعية.

بعد ذلك، أجريت مراسم القرعة بشرح مفصل من رئيس اللجان العاملة أنور المقهوي، وتم السحب عليها بحضور خالد الدبل، ورئيس مؤسسة الهدف الحاسم (منظم الدورة) محمد مفلح العتيبي، ورئيس لجنة السكرتارية عادل المخيمر، وجاءت نتيجة السحب بتوزيع الفرق الى أربع مجموعات على النحو التالي:

- المجموعة الأولى: الجميع للمرطبات والراشد، ومجموعة الموسى ونابكو.
- المجموعة الثانية: شاركول ومصنع الراعي وشركة الافق وشركة الخنيني.
- المجموعة الثالثة: فلانجو وأبناء الذوادي ومجموعة المدعج، وصحاري نت.
- المجموعة الرابعة: القريان ومجموعة البراك، وشركة ندى، وجمعية تمكين

Abdullah Al-Dabal Tournament

مسابقة القرآن الكريم

افتتاح الدورة

انطلقت مساء الخميس الرابع من شهر رمضان المبارك دورة الفقيه عبدالله الدبل الرمضانية العاشرة في صالة نادي الاتفاق بالدمام، وسط حضور إداري وشرفي وجماعي كبير ملأ المدرجات، وتقدم الحضور عائلة الدبل وعضو شرف نادي الاتفاق الدكتور هلال الطويرقي وأعضاء مجلس إدارة نادي الاتفاق وشخصيات أخرى

فيصل الدبل: سمعة الدورة الكبيرة

تلا ذلك كلمة اللجنة المنظمة للحفل ألقاها عضو اللجنة الأشرافية للدورة فيصل بن عبدالله الذي أكد أن ما حظى به الدورة من إعجاب كبير في الوسط الشباني والاجتماعي يؤكد ما وصلت له الدورة من سمعة كبيرة للعام العاشر على التوالي، وأن الدورة وما حمله من صيغة ليست رياضية فقط بل تعداها إلى الفعاليات الأخرى كمسابقة القرآن الكريم وبرنامج إفطار صائم والزيارات الاجتماعية لتكون العلامة الفارقة في دورة الدبل.

مشهد سنوات العطاء

بعد ذلك انطلق حفل الافتتاح للدورة من خلال عرض سنوات العطاء للدورة التي انطلقت عام ٢٠٠٧م عبر مشهد لبعض الأطفال يتكلمون بتاريخ الدورة عبر أعمدة تحوي هذا التاريخ ثم تنحول إلى صورة الفقيه عبدالله الدبل وترحب بالضيوف بالتواجد في أروقعة الدورة وفعاليتها للعام العاشر على التوالي.

الطويرقي يكرم صلوات الاتفاق

وقبل انطلاق المباريات قام عضو شرف نادي الاتفاق الدكتور هلال الطويرقي بصاحبه مدير عام الدورة ورئيس نادي الاتفاق المهندس خالد بن عبدالله الدبل وأعضاء مجلس إدارة النادي بتكريم فريق الصالات بنادي الاتفاق بمناسبة الحصول على لقب دوري الصالات الأول في المملكة.

استقبال مركز الامير سلطان للايتام

برنامج إفطار صائم - والذي هو أحد الفعاليات المصاحبة للدورة من خلال تجهيز الوجبات في مقر نادي الاتفاق بإشراف رئيس لجنة إفطار الصائم الأستاذ ناصر الدوسري . ومن ثم توزيعها في بعض النقاط في شوارع الدمام والخبر. فيما ستتسع دائرة التوزيع لتشمل الأحساء إضافة إلى جسر الملك فهد وبيت الله الحرام بمكة المكرمة .
وتم هذا العام توزيع أكثر من ٥٠٠٠ وجبة إفطار خلال أيام الدورة
